Payroll Calendar & Payslip Guide

When each payroll month closes, how to read every line of your payslip, how to
corrections and which declarations matter when.

REF	KB-E-10
VERSION	V2.0
EFFECTIVE	01 JAN 2026
FOR	ALL EMPLOYEES
CLASSIFICATION	INTERNAL / ALL EMPLOYEES

This guide explains how a payroll month flows at Emids and what each line on your payslip means. For the structure of your pay itself see the Compensation Structure & Payment Policy (KB-E-09).

1. Payroll calendar

Milestone	Date
Attendance / leave freeze	1st of the following month
Late join-requests & corrections lock	10th of the following month
Tax declaration change window	10th–15th of the month
Investment proof submission (Dec cycle)	10 January
Payroll cut	25th / last working day
Salary credited	1st working day of the next month

> Missed the cut? Anything raised after the lock (missing LOP, arrears, new declaration) flows into the next payroll — arrear lines on later payslips show it.

2. Reading your payslip

Line	Meaning
Basic	Base-salary component; pension-able
HRA	House rent allowance — partly tax-exempt if you pay rent
Special Allowance	Balance fixed pay
LOP (loss of pay)	Day deductions from unapproved absence / non-availed leave
Employee PF	Your 12% contribution (Basic + DA, capped)
Professional Tax	State slabs where applicable
TDS / Income Tax	Monthly withholding on projected annual computation
Arrears	Retro corrections — increments, missed amounts, backdated change
Reimbursements	Approved claims flowing via payroll (fuel/telecom where eligible)

3. Declarations and proofs

- Regime selection (old / new) is re-declared each April or on joining.
- Investment declarations through the portal; proof release deadline is 10 January; late proofs revise TDS in Feb payroll.
- Rent receipts are required for HRA claims above ■1 lakh p.a.; PAN of landlord above ■1 lakh rent p.a.

4. Corrections and clarifications

If something looks wrong — an LOP you did not expect, missing arrear, wrong bank credit — raise a payroll ticket within the month you notice it. Successful corrections are reprocessed in the next run; Form 16 for the year reflects finalised numbers only after the March reconciliation.

5. Annual tax documents

Form 16 (India) is issued from the payroll portal by end of May. US colleagues receive W-2s by 31 January. Retain payslips for your own records for at least three years.
