2. Floating (self-declared) holidays

Each employee picks 2 floating holidays per calendar year from the working days in the year, except during the year-end freeze (20 Dec – 2 Jan) or dates your project marks as blackout. Apply through the leave system as 'Floating Holiday'; they do not deduct from your other balances.

3. Dates or days that teams may adjust

3.1 Where client calendars differ

If your engagement follows a US, UK or APAC client calendar, your list of holidays can differ from India central list only with a documented client-calendar approval from your delivery head and HR. The approved calendar for your project is the one your manager publishes.

3.2 Work falling on a holiday

If you are asked to work on a public holiday, your manager must record the pre-approval in an HR ticket. You earn a compensatory day off (use within 90 days) or, for certain client-critical months, an equivalent day credited as comp-off.

4. Calendar updates

The version here is for calendar year 2026. Amendments and next year's calendar are announced in December; if in doubt, trust the in-app calendar.
