Exit Process & Full & Final Settlement SOP (HR)

The HR-side exit map: resignation intake, clearance, knowledge transfer gates and the full-and-final settlement mechanics.

REF	KB-HR-08
VERSION	V3.0
EFFECTIVE	01 APR 2026
FOR	HR TEAM ONLY
CLASSIFICATION	CONFIDENTIAL / HR INTERNAL

Exits convert relationships and balances into paperwork that must match the system, without exception. This SOP is the owner's manual for HR on every separation: voluntary, involuntary, abandonment, death-in-service and retrenchment-track cases.

1. Resignation intake

- Resignations are acknowledged in the HR system within 1 working day of receipt; the notice period runs from acknowledgement (per probation policy), not the email date.
- Manager + HR partner conversation within 3 days — retention check first, then logistics.
- For involuntary exits (performance / conduct), documentation references the disciplinary or performance file; HR never mixes tracks.

2. The notice-period clock

Item	Standard
Notice on probation	15 days
Notice confirmed ≤ 5 years	60 days
Notice confirmed > 5 years / leaders	90 days
Buyout	Employer or employee may buy out at basic+ allowances per approved matrix
Notice extension by leave	Only manager-approved leave extends the clock (documented)

3. Clearance gates (all before last working day)

- IT: device, accessories, access revocation scheduled for LWD+1; no post-LWD mailbox access.
- Finance: pending advances reconciled, credit cards surrendered, no open audits.
- Project: knowledge-transfer sign-off from the project manager.
- Admin: badge, parking, library / club memberships surrender.

4. Full & final settlement

F&F inputs (days worked, LOP adjustments, leave encashment at eligible balance cap, notice adjustments, settled reimbursements) are compiled by location HR and validated against the last payroll cycle. Gratuity triggers on service ≥ 5 years at the statutory rate; PF transfer / withdrawal guidance is portal-based. Settlement is processed on the next available payroll cycle after the clearance checklist completes — the effort is deliberately front-loaded so money closes fast.

5. Documents issued

Relieving letter, experience letter and the F&F statement are issued within 15 working days of the LWD (gratuity in its statutory window). Letters are issued once, from the letter system — no bespoke letters in personal mailboxes; disputed wording goes back to HR review, not private edits.

6. Special cases

- Abandonment: precedes the attendance SOP's AWOL protocol; a formally recorded decision letter precedes any F&F negative balance recovery.
- Death in service: family liaison named by HR head; gratuity / insurance proceeds initiated without waiting for clearance gates.
- Retrenchment-type exits: the notification and gratuity / retrenchment compensation math is a legal review item before issuance.
